About Kaplan Test of English (KTE)

Kaplan Test of English is an English test designed to put you at ease – so you can show what you really know. The test is 100% online and assesses four skills – Listening, Reading, Writing and Speaking.

What makes the test less stressful? Find out below:

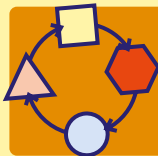

You can take the test on a day and time of your choice. You don't need to book a slot in advance.

You take the test in one sitting and it typically takes around 2 hours to complete.

You take the test at home – no need to worry about travel arrangements, accommodation or test centres.

It's adaptive – questions adjust to your performance, so they're never too easy or too hard.

You'll receive your score in just a few days.

The KTE test format

The test includes 4 sections. Here's what you can expect in each one:

	Duration	What to expect
Listening	Typically completed in 30 minutes, no time limit.	You will listen to recordings of lectures, presentations, debates, or discussions, and answer multiple-choice questions based on what you hear.
Reading	Typically completed in 35 minutes, no time limit.	You will read texts such as newspaper articles, reports, or journal articles, and answer multiple-choice questions to show your understanding.
Writing	35-40 minutes.	You will complete one essay task. The task will be displayed on screen, and you will type your answer directly into the platform.
Speaking	10-15 minutes.	You will complete 3–5 tasks, such as answering questions, describing images, or giving a short presentation. Each task appears on screen - you will have time to prepare and then record your response.

Who accepts the test?

Kaplan Test of English is accepted as proof of English proficiency by institutions around the world. Check our full list of accepting institutions:

You can take it as many times as you like - it's a great way to understand how the platform works and what kinds of questions to expect.

2.

Read the Test Instructions

Before test day, make sure you review the full KTE Test Instructions which you'll receive via email.

The Test Instructions include:

- Technical requirements (e.g. device, internet connection)
- Rules and regulations
- How to set up your test environment for a smooth experience

3.

Practice your English skills

Rather than memorising grammar rules or test strategies, focus on real-life practice:

- Read news articles, blog posts, or reports in English
- Listen to podcasts, interviews, or presentations
- Speak with friends or colleagues in English (or record yourself!)
- Write about your opinions or describe things around you

This kind of practice reflects the skills KTE actually tests.

"The test is much more doable for persons with disabilities and provides a fairer chance to show the person's real abilities in English."

Johannes, Germany

"The team is amazing! I had technical difficulties during the exam and they were very understanding, helpful, and supportive."

Manon, Egypt

"Compared to other tests, the Kaplan test is of higher standard and quality in terms of the nature of the assessment and technicality of the questions."

Ifeanyichukwu, Nigeria
